

Devansh Pratap Singh

Full-Stack Developer | iOS Engineer | Scrum Master

+91-7011103065 | devanshsingh0412@gmail.com | Noida, India | github.com/Devansh-Singh-07 | linkedin.com/in/devansh-pratap-singh07

Top 100 of 3,400+ applicants — Apple & Infosys iOS Development Center, selected on technical aptitude and panel presentation.

EXPERIENCE

iOS Developer Intern

May 2026 - Jun 2026

Infosys — Apple & Infosys iOS Development Center | Mysore, India (Onsite)

- Demoed a production-ready Retail Store Management System in SwiftUI to Infosys mentors, covering end-to-end inventory, staff, and product workflows across 3 role tiers — delivered within a 6-week internship.
- Drove all 3 sprints to on-time completion as Scrum Master for a 10-developer cross-functional team by resolving story-point conflicts, aligning varied skill sets to workable task breakdowns, and sustaining development velocity through competing design opinions.
- Eliminated access boundary issues by architecting a 3-tier role-based access control system (Admin / Manager / Inventory Controller) with granular permission enforcement across all app modules.

Web Developer — Student Lead

Aug 2024 - Oct 2024

Web Development Club, Galgotias University | Greater Noida, IN

- Scaled the CodeAstra Hackathon platform to 212 registrations with zero crashes, delivering a responsive, accessible registration portal under live event deadline pressure.
- Shipped the full platform on schedule by leading task distribution across 6 developers with mixed experience levels, owning frontend architecture decisions and enforcing code quality through peer reviews.

PROJECTS

DevDen — iOS Peer Learning Platform | Swift | SwiftUI | UIKit

Sep 2025 - Apr 2026

- Led a team of 4 to build an iOS platform for DSA and placement preparation, covering collaborative notes, discussion channels, community posts, and curated learning resources.
- Built a real-time multi-user syncing system supporting collaborative editing and seamless content updates across devices.
- Designed and developed the complete SwiftUI interface end-to-end across all core features.

DevEstate | React.js | Node.js | MongoDB | Prisma | JWT

- Built a full-stack real estate platform with 15+ REST API endpoints supporting property listing and user management workflows.
- Implemented JWT-based authentication and authorisation for secure session handling and protected route access.

ClassMotion | SwiftUI

- Developed a stop-motion animation tool for K-12 classrooms with onion-skinning camera overlay, optimising memory management for active frame rendering.
- Built a frame-by-frame timeline editor with variable duration control and synchronised audio narration.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, Java, Swift
Web	React.js, Next.js, Node.js, Express.js, REST APIs, HTML, CSS
Databases	MongoDB, PostgreSQL, MySQL
Mobile	SwiftUI, UIKit, Swift Concurrency, MVVM, Xcode, iOS Development
Tools	Git, GitHub, Figma, Jira, Prisma, JWT, Agile, Scrum, VS Code, Linux, macOS, Windows

ACHIEVEMENTS

- **Apple & Infosys iOS Development Center** — Selected Top 100 from 3,400+ applicants based on technical aptitude and panel presentations.
- **Smart India Hackathon (SIH) 2024 Pre-Finalist** — Selected among top teams nationwide for innovative problem-solving.

EDUCATION

Galgotias University

2023 - 2027

B.Tech, Computer Science & Engineering | CGPA: 8.4

Greater Noida, UP
